PRESS RELEASE  
FOR IMMEDIATE RELEASE

**Action Sling™ – Magnum**

***Action Sling™ –Magnum** makes carrying your rifle comfortable  
and keeps your ammo handy*

OP/TECH USA incorporates a patented comfort-stretch system into the ideal rifle sling-- the **Action Sling™ –Magnum**. The 2.75" by 13" neoprene pad effectively conforms to the contours of your shoulder while evenly distributing the weight. The internal control-stretch system absorbs the shock of your movements normally felt in your shoulder and back. A non-skid surface effectively grips to your shoulder and also provides extra security when wrapped around the arm to better stabilize the firearm when shooting. Back tacks (safety tabs) are sewn into the ends of the straps for added security on the firearm hardware attachment. The **Action Sling™ –Magnum** is fully adjustable with a total length of 24" to 54". It offers four heavyweight elastic loops sewn onto the pad to firmly hold any large caliber ammunition making reloading fast and easy. **Action Sling™ –Magnum** is a "must-have" accessory for the avid sportsman who spends long hours in the field. It can make all the difference!

**Action Sling™** is 100% made in the U.S.A. and carries a lifetime warranty. It is available in black (8701052) and nature (8710052). The suggested retail price is \$28.95.

OP/TECH USA continues to innovate quality products to meet the ever-changing needs of the avid photographer and outdoor enthusiast. We feel you deserve the very best!
