End Pin Jack version comes with two leather tab connectors

Standard version comes with two Leather Tab Connectors and a Scroll/Headstock Loop Connector

PRESS RELEASE
FOR IMMEDIATE RELEASE

New version!

*NEOTECH's **MANDOLIN/UKULELE CONNECTORS** are now available in two versions (Regular and End Pin Jack versions) to offer versatility for the **MANDOLIN/UKULELE STRAP!***

Neotech makes it even easier for mandolin and ukulele players to move their strap from one instrument to another. The **MANDOLIN/UKULELE CONNECTORS** kit contains an extra pair of leather tab connectors to affix to an instrument's strap pins, plus a loop connector for scrolls or headstocks. These connectors attach to Neotech's **MANDOLIN/UKULELE STRAP** by means of a sturdy 3/8" quick disconnect. This modular arrangement makes it easy to move the strap from one instrument to another in just a few clicks without having to remove the tabs from the instrument.

NEW! The **MANDOLIN/UKULELE END PIN JACK CONNECTORS** contain a pair of slightly larger leather tabs with a bigger hole to accommodate instruments having built-in pickups with a cord jack built into the strap pin. With a set of two, a musician can leave one attached to each instrument, making changes even faster and more convenient. They're sure to be a favorite! Proudly made in the USA!

Neotech continues to innovate quality products to meet the ever-changing needs of the avid musician. We proudly make our products in the USA using top-quality materials as we feel you deserve the very best!
