

# CURVED WALL RACK DISPLAY

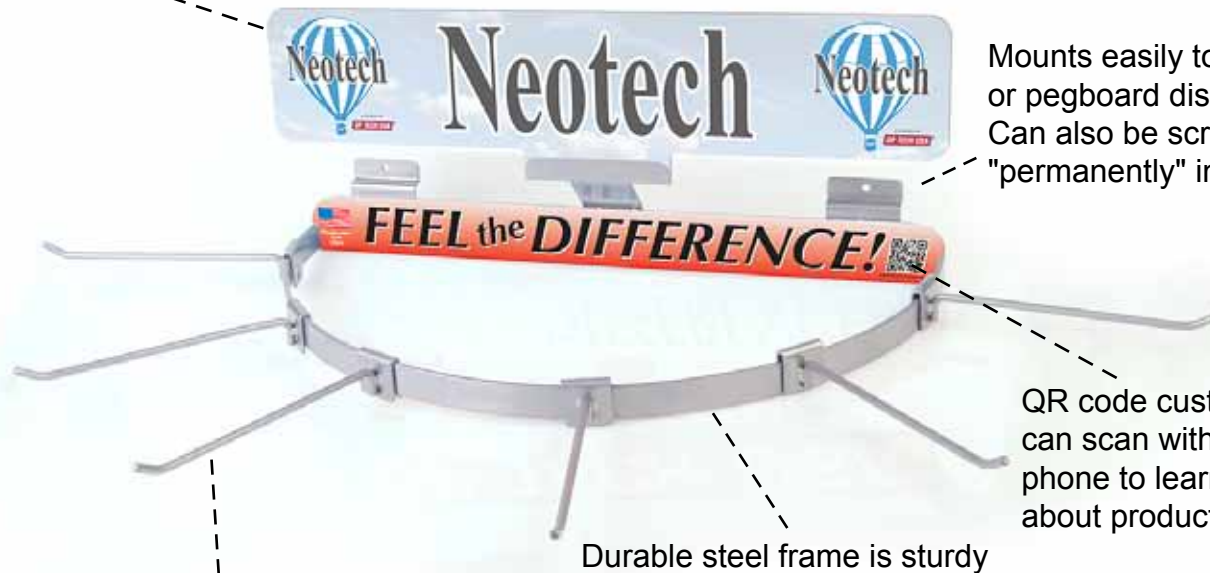

Neotech presents a new way to display our products. The sleek, modern design incorporates a durable steel frame that is 16" (40,6cm) wide by 8" (20,3cm) deep. It features six steel hooks that are 6" (15,2cm) long to give you plenty of room for merchandise while taking up less wall space. The thick plastic header sign increases brand awareness and helps guide your customers to the products they want.

For customers with smart phones, there's a QR code they can scan to go to our website to learn more in-depth information about our full line of products.

The display can be mounted to standard slatwall or pegboard displays, or it can be "permanently" screwed into place.

Header sign "floats" away from wall for better visibility.

Mounts easily to slatwall or pegboard displays. Can also be screwed "permanently" into place.

QR code customers can scan with a smart phone to learn more about products.

Durable steel frame is sturdy enough to hold plenty of **Neotech** merchandise.

6 steel hooks, each 6" (15,2cm) long offers plenty of room to display merchandise.
